

## ESTIMATOR, PIPELINE REHABILITATION DIVISION

### Reason for the Vacancy

Our new and very results focused Divisional Manager has been reinvigorating the Pipeline Rehabilitation Division to the point where some substantial contracts have been awarded and there are many exciting prospects on the horizon. Against this exciting background, there is the need to appoint a hardworking and committed Estimator.

### The Job

You will assume responsibility for the provision of a comprehensive estimating service to the Pipeline Rehabilitation Division which will entail utilising bespoke software to compile project estimates in liaison with the Divisional Manager; securing materials and equipment estimates; and ongoing refinement of the estimating process through post-project reconciliations.

### The Person

Preferably from an engineering background, you will have already gained a solid foundation of estimating experience ideally gained within the pipeline rehabilitation sector or a construction orientated operation within the oil and gas industry. Your pleasant disposition will be a great advantage in achieving good rapport with both internal and external contacts, and your positive outlook will equip you well to overcome inevitable setbacks. In addition to having well-developed analytical skills and a quality orientated approach, your dedication and commitment to the role will ensure a flexible attitude to working hours when faced with demanding submission deadlines.

### The Rewards

Dubai based, you will enjoy all the attractions of living in this part of the world. In addition to receiving a generous tax free remuneration, you will benefit from joining a dynamic and forward looking business that still retains a family atmosphere. In addition, there will be more than sufficient scope to develop your career in line with the Group's ambitious expansion plans.

### To Apply

Please send your CV and cover letter to Dr Terry Galvin, Group HR Director at [careers@apsdubai.com](mailto:careers@apsdubai.com)
